

## School Board Candidate Questionnaire and Meetings

Dear County Chairs and Central Committee Members

As you are aware our educational system has been under fire through liberal activists and lobbyists to indoctrinate our children into a woke and socialized future. Our children are our most valuable resource, and their education is of utmost importance in shaping the social and economic future of our nation and our society. Our future legislators will come from those that are currently under the control of the school boards, teachers, and administrators that are working now in the education system. It is vastly important that we have good solid school board members who are concerned and able to keep our children safe and focused on learning and not indoctrinating.

As we near the final hours of our state and 2<sup>nd</sup> District city and school board races, knowing that every issue is important with tax dollars being pulled from one direction to the next to fund our cities, counties, and schools, our focus should be on our children's education.

The 2nd District Republican Committee has devised a questionnaire that is available to be sent out from each county GOP committee to gather information from the various school board candidates about how they feel and will approach issues currently before our schools and our education system in Kansas. The attached questionnaire can be filled out by the candidate and mailed back to each county GOP committee office. It will be up to each of you to help push that information to the voters in your counties so that they have a good understanding of their candidate views and thoughts on the education issues before them. Once the questionnaire is returned to you, you will be able to put some of the responses in your local newspapers, on Facebook, and your websites. To view your candidates, please go to our web site at **cd2kansasgop.com** and scroll to the news tab. If you cannot find it there, please contact your county elections office for a list.

A final step would be to hold a formal information meeting where the candidates are invited to hear from speakers like Danny Zeck, our Kansas School Board member, or Linda Highland, our 2nd District GOP Secretary, or other prominent conservative teachers or school board members. See the 2nd District GOP website for more information.

If you have any questions, please contact me. My email address and phone number are listed below. I have enclosed the questionnaire and the letter to be sent to each school board member that you can alter to reflect your county information.

Again, thank you for your time and your interest in making our schools a safer, better learning environment for our children in our districts throughout Kansas.

Thank You

2<sup>nd</sup> District GOP Treasurer, Ray J. Shinn  
201 N 5<sup>th</sup> Street, Seneca, KS 66538
