School Board Candidate

Dear Candidate:

I want to congratulate you on your interest in the further education of our youth. Our children are our most valuable resource, and their education is of utmost importance in shaping the social and economic future of our nation and our society.

The Nemaha County Republican Party is in the process of gathering information on the various school board candidates and how they approach and feel about issues currently before our schools and our education system in Kansas. I have attached a short questionnaire to fill out and mail back to us at our county GOP office. We would like to help in any way to promote your candidacy by giving the voters in our counties a good understanding of your views and thoughts on the education issues before us.

Please fill out the questionnaire and comment or give us your opinion on each or any of the questions that you feel comfortable answering. If you have any questions, please contact me. My email address and phone number are listed below. I have enclosed the questionnaire and a self-addressed envelope for your convenience to send back to us.

Again, thank you for your time and your interest to making our schools a safer, better learning environment for our children in our districts throughout Kansas.

Thank You

County GOP Chairman  
Ray J. Shinn
